

Guide to vaccination against COVID-19

If you are offered vaccination at a **vaccination centre**, you will usually be notified via e-Boks or by regular mail

To book an appointment, go to
www.vacciner.dk

If you are offered vaccination at **your workplace**, you will be notified via your employer

You agree the specific time for your vaccination with your **workplace**

1st VACCINATION

You wait at least **15 minutes** at the vaccination centre

2nd VACCINATION

3-4 weeks, possibly up to 6 weeks, after the first vaccination

You wait at least **15 minutes** at the vaccination centre

The vaccine is effective

The vaccine is expected to become fully effective 7-15 days after the second dose. When the vaccine takes full effect depends on which vaccine you have been given. Read more at sst.dk/en/English/Corona-eng/Vaccination-against-COVID-19

Contact your doctor if you experience side effects
