

Guide to vaccination against COVID-19

If you are offered vaccination at a **vaccination centre**, you will usually be notified via e-Boks or by regular mail

You book an appointment at
www.vacciner.dk

If you are offered vaccination at **your workplace**, you will be notified via your employer

You agree the specific time for your vaccination with your **workplace**

1st VACCINATION

You wait at least **15 minutes** at the vaccination site

2nd VACCINATION

3-4 weeks, possibly up to 6 weeks, after the 1st vaccination

You wait at least **15 minutes** at the vaccination site

The vaccine becomes effective
The full effect of the vaccine is expected 7 days after the 2nd dose if you are vaccinated with Comirnaty® and 14 days after the 2nd dose if you are vaccinated with COVID-19 Vaccine Moderna®.

Contact your doctor if you experience side effects
