

Characteristics of studies

Characteristics of excluded studies

AlKhalifah 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Brams 2017

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Brown 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Buitelaar 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

CatalaLopez 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

CatalaLopez 2017

| | |
|----------------------|-------------------|
| Reason for exclusion | Systematic review |
|----------------------|-------------------|

Chan 2016

| | |
|----------------------|-------------------|
| Reason for exclusion | Systematic review |
|----------------------|-------------------|

Clavenna 2017

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Coghill 2015

| | |
|----------------------|------------------|
| Reason for exclusion | Wrong comparator |
|----------------------|------------------|

Coghill 2017

| | |
|----------------------|----------------|
| Reason for exclusion | Wrong outcomes |
|----------------------|----------------|

DeCrescenzo 2017

| | |
|----------------------|------------------|
| Reason for exclusion | Adult population |
|----------------------|------------------|

Dittmann 2013

| | |
|----------------------|------------------|
| Reason for exclusion | Wrong comparator |
|----------------------|------------------|

Doddamani 2015

| | |
|----------------------|------------------|
| Reason for exclusion | Wrong comparator |
|----------------------|------------------|

Hennissen 2017

| | |
|----------------------|-------------------|
| Reason for exclusion | Systematic review |
|----------------------|-------------------|

Joseph 2017

| | |
|----------------------|-------------------|
| Reason for exclusion | Systematic review |
|----------------------|-------------------|

Locatelli 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Maneeton 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Maneeton 2015a

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Nagy 2016

| | |
|----------------------|------------------|
| Reason for exclusion | Wrong comparator |
|----------------------|------------------|

Newcorn 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Newcorn 2015a

| | |
|----------------------|------------------|
| Reason for exclusion | Wrong comparator |
|----------------------|------------------|

Newcorn 2017

| | |
|----------------------|------------------|
| Reason for exclusion | Wrong comparator |
|----------------------|------------------|

Peksel 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Santisteban 2015

| | |
|----------------------|----------------|
| Reason for exclusion | Wrong outcomes |
|----------------------|----------------|

Stuckelman 2017

| | |
|----------------------|----------------|
| Reason for exclusion | Wrong outcomes |
|----------------------|----------------|

Stuhec 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Stuhec 2015a

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Stuhec 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Zimovetz 2016

| | |
|----------------------|------------------|
| Reason for exclusion | Wrong comparator |
|----------------------|------------------|
